Oakdale, Louisiana**

PREFACE

This handbook has been developed to assist and acquaint you with the daily routine at the Federal Detention Center (FDC), Oakdale, Louisiana. Your understanding of the following information is essential to your successful adjustment to this facility. The information in this handbook is subject to change and does not override newly issued BOP Program Statements, Institution Supplements or Operation Memoranda.

The mission of the FDC is structured toward preparing you to return to your country. Your self-initiative, behavior and responsibility will have a direct bearing on your confinement. Staff at this facility will make every effort to provide you with a safe and secure living environment, therefore, you are expected to abide by the rules and regulations of this facility and to maintain a positive attitude.

The FDC is different from other institutions in that Bureau of Immigration and Customs Enforcement (ICE) detainees are housed at this facility. Thus, the physical structure of the facility and inmate/detainee populations dictate the need for strict compliance with rules and regulations. Misconduct will not be tolerated and could result in placement in the Special Housing Unit (SHU).

The information in this booklet will serve as a valuable resource both initially and for future reference. Your cooperation with staff and other detainees will contribute to a positive, orderly environment at the FDC.

INTRODUCTION

The information in this booklet is designed to ensure a better understanding of the policies that govern this institution's operation. The Admission and Orientation Program (A&O) is designed to assist you with expectations and opportunities that you will encounter as a new arrival at the FDC. Detainees must participate in the institution A&O Program. Information will be made available, which will provide you with specific policies, procedures, rules and regulations currently in effect at the FDC.

IMMIGRATIONS AND CUSTOMS ENFORCEMENT (ICE)

Most of you are now in the FDC, under Bureau of Prisons guidelines, because you are not a citizen of the United States and are being detained for ICE. Some of you may be completing the final six (6) months or less of a federal sentence. This information is provided to you so that you will have a basic understanding of what to expect during your confinement.

Most of you have come to this institution from different places in the United States. The Federal Detention Center is a facility with access to ICE officers and Executive Office of Immigration Review (EOIR) judges. ICE's goal is to process your removal hearings as expeditiously as possible. For some, hearings and paperwork may be finalized within one month after your arrival, however, the majority will have more complicated and involved cases and your stay at Oakdale could be several months or longer.

All of you will go through these basic procedures:

1. Interview by ICE officer, if not interviewed prior to your arrival.
2. Removal proceedings before an immigration judge.
3. A judge will order you removed or released.
4. You may appeal your case or accept the judge's decision.

At this point ICE will:

1. Request travel documents for your return to your country.
2. After receipt of travel documents, your case will be sent to the ICE travel section for airline flight arrangements.

The actual flight to your country may be affected by weather or other adverse conditions in your native country. Individual questions/cases will be discussed at the time of your interview with an ICE officer.

Detainees deported to their country will be limited in the property that they may take on their trip back home. No detainee shall be allowed to bring more than what can be placed in a box measuring not more than 12 inches high by 15 inches wide and 18 inches long. All other property will be mailed to an address supplied by the detainee at the detainee's expense. FDC Oakdale cannot provide storage for any detainee property except for release clothing. If the detainee does not have a forwarding address, the property will be disposed of in accordance with BOP policy.

The Immigration and Customs Enforcement (ICE) office at Oakdale, Louisiana, will only transport a limited amount of detainee personal property when taking custody of the detainee from the Federal Detention Center. Personal property will be limited to the following items:

1. Wedding Band (plain, no stones)
2. Prescribed Medication/medical device
3. Legal Materials (ongoing case)
4. Photographs (10, no Polaroid)
5. Shoes (1 pair only)
6. Currency/Negotiable Instrument
7. Religious Medal/or medallion
8. Watch (value less than \$100.00)
9. Prescription Eyeglasses
10. Personal Letters (5)
11. Soft-black Bible

You are allowed to purchase items through the Commissary while housed at the FDC. However, prior to your transfer to ICE custody, you must mail at your expense, all items not authorized by ICE or donate for disposal in accordance with BOP policy. If you elect to mail out excess items, you must fill out an "Authorization to Mail Package," Form BP-329, with your Counselor. You will be responsible for all costs associated with mailing out the excess or unauthorized items. Any property returned to the institution, after you are transferred to ICE custody, will be held for 30 days. If you have not made arrangements to claim this property after 30 days, it will be considered as abandoned property and destroyed in accordance with established Bureau of Prisons policy on abandoned property. Property that is not on the above list will not accompany the detainee.

UNIT (HOUSING) INFORMATION

Intake Screening

You are provided with a copy of the institution's rules and regulations, which includes information on your rights and responsibilities, prohibited acts and disciplinary severity scale in this booklet.

During the first two weeks, following arrival at the institution, detainees will be assigned to attend the A&O program. While attending the A&O program, detainees will learn about various services, policies and procedures regarding INS and the institution through a representative from each department.

Teams (Unit Team)

The staffing of the housing units consists of a Unit Manager, Counselors, Unit Officers and Secretaries. The Unit Staff Offices are located in the housing units, allowing staff to be readily accessible to detainees.

Each inmate/detainee is also responsible for sweeping and mopping his personal living area, cleaning the sink and toilet and the walls to ensure that it is clean. Lockers must be neatly arranged inside and with nothing posted or pasted on the outside. Room bulletin boards must be shared and nothing pasted on it. Thumb tacks or staples are available for your use.

INMATE TELEPHONE SYSTEM

Inmate Telephone System II (ITS II)

The telephones for inmate use operate under the ITS II. The ITS II is a telephone system which allows inmates to place both collect and debit local, long distance and international calls. Telephones are considered a privilege and their use may be suspended.

An ITS account is created for each inmate within one (1) working day after his arrival. At the time the ITS account is created, the ITS computer generates a nine (9) digit random PAC number. The PAC number is secured and delivered to the inmate in his housing unit. The PAC number is a unique number and may not be given to another inmate. Any inmate who believes his PAC number has been compromised (i.e., stolen or lost) should notify his unit staff immediately. Inmates may be charged a \$5.00 replacement fee for a compromised PAC number.

Inmates/Detainees may submit up to thirty (30) telephone numbers to be placed on their ITS account. Any telephone call which cannot be immediately deducted from an inmate's ITS account is not authorized (i.e., 1-800, 1-900, 1-976, etc. telephone numbers are not allowed). All Telephone Number Request Forms, BP505, must be submitted to unit staff for review and approval. Unit staff will forward the approved forms to the ITS office for placement on the inmate's ITS account. Changes to your ITS telephone list may be submitted up to three times per month. Telephone Number Request Forms are to be complete and neatly filled out to avoid delays and are to include full names, relationships, complete phone number, etc. Telephone numbers which you wish to be announced in Spanish should have the circle next to the word Spanish shaded in.

Funds may be transferred from your commissary account to your telephone account using any telephone on the Inmate Telephone System. Transfers must be done in whole dollar amounts. There is no maximum amount which may be transferred to your ITS account. However, all funds placed on your ITS account will remain there until you are released or transferred from this institution. Funds may be transferred from your commissary account to your telephone account after 4:30 p.m. until the telephone system shuts down at 11:30 p.m., Monday through Friday. Funds may be transferred from your commissary account to your telephone

account anytime the telephone system is in operation, 6:00 a.m. until 11:30 p.m., Saturday and Sunday. To transfer funds from your commissary account to your telephone account you must dial 118 and your PAC number, follow the menu of options you are given to conduct the transfer. Once the transfer has been completed, the funds which you placed on your ITS account are available for immediate use. A complete list of billing information is located in the Education department. All rates are established at the national level. The ITS system is in operation daily from 6:00 a.m. until 11:30 p.m. Telephone calls are to be placed only from your assigned housing unit.

ITS balance inquiries and the cost of each call can be checked by dialing 118 and your PAC number from an ITS telephone. Your commissary account balance may also be checked using the ITS telephones, but only during the specified time frame for conducting funds transfers.

The collect telephone rates are established by the telephone company. Collect telephone calls will include a collect call charge, which will be billed at the time that the call is accepted, as well as a per minute charge, which is significantly higher than the debit telephone rates. All inmate/detainee telephone calls will be announced to the called party. You will not be charged for the time that the recorded announcement is playing. Billing will not begin until the call is accepted for both debit and collect telephone calls.

When you first utilize the ITS II, you will be prompted to state your name. At this time, you should state your name clearly, as this recording will be used in the announcement for all of your telephone calls. If a called party wishes to block future calls, as described in the call announcement, they must respond to a confirmation prompt after entering 77. If the called party makes the required entries to both prompts and does block future calls, the telephone number will remain blocked until ITS staff receive a written request from the called party to unblock the telephone number. A number which is blocked collect may still be called debit and likewise a call which is blocked debit may still be called collect. If the receiving party blocks your call by mistake, they must send a written request to your Unit Manager or Unit Counselor to cancel the block. This request must include a copy of their most recent telephone bill.

All ITS telephones are subject to monitoring and recording. If you need to place an unmonitored attorney call, contact unit staff for assistance. All telephone calls are limited to fifteen (15) minutes.

Three-way telephone calls are not permitted

Inmates found to be placing three-way telephone calls are subject to disciplinary action.

A thirty (30) minute time out period is set between completed telephone calls. This prevents the telephones from being monopolized by individual inmates/detainees and promotes better access for all inmates/detainees. There is a 300 minute limit per month on inmate/detainee telephone calls. The 300 minutes limitation may be all debit, all collect or any combination of debit and collect. Once you reach 300 minutes of telephone calls, your telephone account will no longer be active. The 300 minutes limitation will be reset on the 1st calendar day of each month. In accordance with Bureau of Prisons policy, the 300 minute limitations will be increased to 400 minutes for the months of November and December of each year.

Your ITS II telephone account will transfer with you to other Bureau of Prisons facilities. Upon your arrival at another institution, you will be able to immediately place collect telephone calls using your existing PAC number and telephone list.

Inmates/Detainees who violate established telephone regulations or who have demonstrated an inability or unwillingness to conduct themselves properly with members of the public or who use the telephone to engage in criminal activities or to violate other institution regulations will be subject to disciplinary action to include the possible restriction of telephone privileges.

Any questions or concerns you have regarding your ITS account may be addressed either through your counselor, who will contact ITS staff, or by submitting an Inmate Request to Staff Member form to ITS staff.

CORRECTIONAL SERVICES/SECURITY PROCEDURES

Counts

One of the first realities of institutional life is security counts. It is necessary for staff to count inmates/detainees on a regular basis. During a count, inmates/detainees are expected to stay quietly in their cell until the count is announced as clear. You are expected to be in your room during official counts.

Official counts will ordinarily be conducted at 12:00 midnight, 3:00 a.m., 5:00 a.m., 4:00 p.m. (stand-up) and 9:30 p.m. On Saturday, Sunday and Holidays there is an additional (stand-up) count at 10:00 a.m.

An officer will initiate disciplinary action against an inmate/detainee for failure to be in the proper assigned area during a count. Disciplinary action will also be taken against an inmate/detainee for leaving an assigned area before the count is cleared. An inmate/detainee must actually be seen during all counts by the officer, even if the inmate/detainee must be awakened. It is your responsibility to ensure the officer can see you during the count.

Call-Outs

Call-Outs are a scheduling system for appointments (which include health services, dental, educational, team meetings and other activities). Call-Outs are posted each day on the unit bulletin boards after 4:00 p.m. on the day preceding the appointment. It is the inmate/detainee's responsibility to check the call-out sheet for appointments on a daily basis. All scheduled appointments are to be kept. Failure to appear may subject you to disciplinary action.

Controlled Movement

The purpose of a controlled movement is to ensure the movement of inmates/detainees in an orderly fashion. During the regular work day, (7:45 a.m. - 4:00 p.m.), inmates/detainees will move from one area to another during open movement, as in movement to assigned work details, going to meals or for a recall and call outs. Each movement will be announced on the institution's public address speaker system. Inmates/Detainees are permitted a limited amount of time to travel to and from each area. If more than ten minutes is used to travel from one area to another, the inmate/detainee maybe subject to disciplinary action.

Controlled Movement

7:40 a.m. - 8:00 a.m. (work call)
8:00 a.m. - 8:10 a.m.
9:00 a.m. - 9:10 a.m.
10:00 a.m. - 10:10 a.m.

10:30 a.m. - yard is closed
10:40 a.m. - Short line
11:00 a.m. - Open Compound
11:45 a.m. - 12:00 p.m. (CMS work call)
12:15 p.m. - 12:25 p.m. (work call)
1:00 p.m. - 1:10 p.m.
2:00 p.m. - 2:10 p.m.
3:00 p.m. - 3:10 p.m.
3:30 p.m. - yard is closed

Contraband

Contraband is defined as any item not authorized or issued by the institution, received through approved channels or purchased through the Commissary. Staff are alert to the presence of contraband and confiscate contraband found in the institution. Any item in an inmate/detainee's personal possession must be authorized and a record of the receipt of the item should be kept in the inmate/detainee's possession. Inmates/Detainees may not purchase radios or any other items from other inmates/detainees. Inmates/Detainees may not give anything of value to another inmate/detainee. Items purchased in this manner are considered contraband and will be confiscated. An altered item, even if approved or issued, is considered contraband. Altering or damaging government property is a violation of institutional rules and the cost of the damage will be levied against the violator through disciplinary action.

Shakedowns

Any staff member may at any time search an inmate/detainee's room or person to retrieve contraband. It is not necessary for the inmate/detainee to be present when his room is inspected. The property and living area will be left in the same general condition as found and these inspections will be random and unannounced.

Urinalysis Testing

The Bureau of Prisons operates a drug surveillance program which includes mandatory random testing, as well as testing of certain other categories of inmates/detainees. If a staff member orders an inmate/detainee to provide a urine sample for this program and the inmate/detainee does not do so, that inmate/detainee will be subject to disciplinary action.

Alcohol Detection

A program for alcohol surveillance is in effect at this institution. Random samples of the inmate/detainee population are tested on a routine basis, as well as those suspected of alcohol use. A positive test will result in an incident report. Refusal to submit to the test will also result in an incident report.

Visiting

Inmates/Detainees are encouraged to have visits in order to maintain family and community ties. Visiting hours are:

Saturday, Sunday and Holidays 8:30 a.m. - 3:00 p.m.

All proposed visitors, to include immediate family members, will be required to complete a "Request to Visit" form, and a background check will be conducted. If the form is not filled out completely, the visit will be denied. Once the background check is clear, the proposed visitor will be added to the inmate/detainee's visiting list.

Consular Visits

If you are a citizen of a foreign country and would like to contact your consulate, please see your Unit Counselor.

Special visits will be handled through a member of your Unit Team.

NOTE: Processing for inmate/detainee visitors will terminate 30 minutes prior to the scheduled ending time.

Visitors, who are 16 or 17 years of age, may visit without the adult supervision, provided they have written approval of a parent or legal guardian or immediate family member at least 18 years of age prior to the visitation.
5. Vending machines are available in the visiting area. Smoking is **not** permitted in the visiting room.
6. Limited handshaking, embracing and kissing is permitted within the bounds of good taste at the beginning and end of the visit.

MEDICAL SERVICES

GENERAL INFORMATION

Health services are provided on a 24-hour basis through routine clinic and Urgent Care. You will be provided necessary medical, dental and mental health services by professional staff, consistent with acceptable community standards.

You may request any or all of these services at routine triage sick call in the Medical Department, Monday, Tuesday, Thursday and Friday from 6:15 a.m. to 6:30 a.m. or by requesting a staff member to contact the Health Services Department for an Urgent Request. You may also talk with Health Services Staff at noon mainline, Monday thru Friday.

Triage is defined as the classification of patients according to priority of need for examination and/or treatment. Triage allows truly urgent conditions to be addressed adequately on the same day, while also allowing more routine conditions or concerns to be addressed at a scheduled appointment. Appointments will be scheduled with the appropriate Mid-Level Provider (MLP) within a time frame appropriate for the inmate's condition and medical needs. If no follow-up appointment is warranted, the inmate will be advised of other options (e.g. obtaining over-the-counter medications from the Commissary, submitting an "Inmate Request to Staff Member" form BP-A148, etc.

Inmates must complete the top portion of the triage form located in the Medical Department. Virtually, all clinical services provided to the inmates will be by appointment, scheduled several days to weeks in advance, through a request from the inmate or follow-up appointments determined by the providers.

Failure to report to your scheduled appointment may result in an incident report. Your sick call appointment may not necessarily be on the date that you signed up. You are responsible for notifying your Detail Supervisor or Unit Officer of your scheduled upcoming appointment. There is no sick call on weekends, federal observed holidays or Wednesday.

If you become ill or receive an injury during this time frame, you must have a staff member contact the Health Services Department for you. The medical staff will then triage your medical needs and provide medical treatment, if indicated. Levels of care, that are not generally provided and medically acceptable, but not medically mandatory are for your convenience. The Clinical Director will make the determination as to what is medically acceptable, but not medically necessary. Medical services are provided by Bureau of Prisons staff and consultants from the surround communities.

While you are in A&O status, you will be given a medical examination and necessary immunizations shots. If you are returning from a writ, a stay at a BOP Medical Center or transferring from one of our other facilities, your medical files will be reviewed. A complete physical may not be necessary. When properly cleared by appropriate clinical staff, you will be released from A&O.

INMATE COPAYMENT PROGRAM

Pursuant to the Federal Prisoner Health Care Copayment Act (FHCCA) of 2000 (P.L. 106-294, 18 U.S.C. § 4048), The Federal Bureau of Prisons and FCC Oakdale provide notice of the Inmate Copayment Program for health care, effective October 3, 2005.

Application: The Inmate Copayment Program applies to anyone in an institution under the Bureau's jurisdiction and anyone who has been charged with or convicted of an offense against the United States, except inmates in inpatient status at a Medical Referral Center (MRC). All inmates in outpatient status at the MRCs and inmates assigned to the General Population at these facilities are subject to copay fees.

Health Care Visits with a Fee:

1. You must pay a fee of \$2.00 for health care services, charged to your Inmate Commissary Account, per health care visit, if you receive health care services in connection with a health care visit that you requested, except for services described in section C, below.

These requested appointments include sick call and after-hours requests to see a health care provider. If you ask a non-medical staff member to contact medical staff to request a medical evaluation on your behalf for a health service not listed in section C, below, you will be charged a \$2.00 copay fee for that visit.

2. You must pay a fee of \$2.00 for health care services, charged to your Inmate Commissary Account, per health care visit, if you are found responsible through the Disciplinary Hearing Process to have injured an inmate who, as a result of the injury, requires a health care visit.

Health Care Visits with no Fee:

We will not charge a fee for:

1. Health care services based on health care staff referrals,
2. Health Care staff-approved follow-up treatment for a chronic condition,

3. Preventive health care services,
4. Emergency services,
5. Diagnosis or treatment of chronic infectious diseases,
6. Mental health care or
7. Substance abuse treatment.

If a health care provider orders or approves any of the following, we will also not charge a fee for:

- Blood pressure monitoring,
- Glucose monitoring,
- Insulin injections,
- Chronic care clinics,
- TB testing,
- Vaccinations,
- Wound Care and/or
- Patient education.

Your health care provider will determine if the type of appointment scheduled is subject to a copay fee.

Indigency: An indigent inmate is an inmate who has not had a trust fund account balance of \$6.00 for the past 30 days.

If you are considered indigent, you will not have the copay fee deducted from your Inmate Commissary Account.

If you are NOT indigent, but you do not have sufficient funds to make the copay fee on the date of the appointment, a debt will be established by TRUFACS and the amount will be deducted as funds are deposited into your Inmate Commissary Account.

Complaints: You may seek review of issues related to health service fees through the Bureau's Administrative Remedy Program (see 28 CFR Part 542).

OVER-THE-COUNTER MEDICATIONS

FCC Oakdale will stock at least 25 OTC medications as referenced in the Trust Fund/Warehouse/Laundry Manual. During institution triage/sick call, medical staff will refer inmates to the Commissary in response to complaints related to cosmetic and general hygiene issues or symptoms of minor medical ailments.

1. Inmates will have access to Over-the-Counter (OTC) medications in the Commissary.
2. Personal resources will be used by inmates to obtain OTC medications that are indicated for cosmetic, general hygiene issues or symptoms of minor medical ailments. Examples of such complaints are:
 - Occasional Constipation
 - Seasonal Allergies
 - GI Upset
 - Dandruff
 - Athlete's Foot
 - Muscle Aches from Exertion
3. Inmates will purchase OTC medications from the Commissary with their personal funds.

INDIGENT INMATES

1. An inmate without funds is an inmate who has had an average daily trust fund account balance of less than \$6.00 for the past 30 days.
2. An inmate without funds may obtain additional OTC medications at sick call, if health services staff determine that you have an immediate medical need, which must be addressed before you may again apply for OTC medications.
3. All indigent inmates must come to the pharmacy on Wednesday between the hours of 8:00 a.m. - 8:30 a.m., to request medication (Form BP-S788).
4. One request per inmate per week will be accepted.
5. Inmates will select no more than two items on the Over-the-Counter Medications Request Form. If you need more than two items, you must attend triage/sick call.
6. When the pharmacy staff receives the form, they will verify the requesting inmate is without funds (indigent) by reviewing the TRUFACS Browser Based Application Report for inmates without funds (indigent inmates).
7. Pharmacy will maintain a record of the OTC items issued to a given inmate for 30 days.

The DNA Analysis Backlog Elimination Act of 2000: On December 19, 2000, Public Law 106-546, "The DNA Analysis Backlog Elimination Act of 2000", was enacted. This law requires the Bureau of Prisons to obtain DNA samples from inmates convicted of qualifying offenses. The law applies to inmates with a current or past qualifying offense. The collection of DNA samples will be a routine part of the admission process for new inmates with an offense which qualifies for DNA testing. Contact your Unit Manager or Case Manager to determine if this requirement applies to you.

Diagnostic studies for infectious disease are mandatory and should you refuse, you will be maintained in SHU status, unless released by the Clinical Director.

PERIODIC HEALTH EXAMINATIONS

The Medical Director will ensure the availability of age-specific preventive health examinations (e.g., cancer screening) for the inmate population.

Information regarding these examinations will be posted information in the Health Services Department and individual patient education associated with clinical encounters.

URGENT DENTAL CARE

Urgent dental care requests will be evaluated by the Registered Nurse or Emergency Medical Technician, who signs up inmates/detainees during routine sick call from 6:15 a.m. - 6:30 a.m.

ROUTINE DENTAL CARE

Routine requests for dental care will be sent to the Chief Dental Officer via a cop-out. When you are to be evaluated by the Dentist for routine care, you will be placed on the daily call-out sheet.

HEALTH SERVICES DEPARTMENT (HSD)/FDC

You will be given an appointment to return to the Health Services Department prior to the early morning census count at 8:00 a.m. for evaluation by the Dentist, who will determine if you have a dental problem requiring immediate attention. Urgent care services are provided for relief of pain and/or infection. Due to the transient nature of the population, long term dental treatment cannot be scheduled.

CALL-OUTS/CHRONIC CARE

All call-outs for medical and dental appointments will be posted in your unit and you are responsible to check it daily. Failure to report for a call-out will result in a possible incident report. You have a fifteen minute grace period prior to being identified as a call-out failure to report at the HSD. Only the Clinical Director will be authorized to refer you to a medical specialist in the community. This process starts at routine sick call by an evaluation from a Mid-Level Provider. If you have a longstanding medical problem, you will be placed on a specialty/chronic care clinic list and will be scheduled for an appointment via call-out. You are responsible to check the call-out and make your appointments.

In these cases, individuals are placed on Medical Idle or Convalescent Status or Medically Unassigned Status. Medical Idle is written for up to three (3) days. You must stay in your assigned cell except for meals, sick call, medical call-outs or religious services. Medically Convalescent is written or authorized by the Clinical Director for up to 30 days. ON-THE-JOB INJURIES

If you are injured while performing an assigned duty, you must immediately report this injury to your Detail Supervisor. The Detail Supervisor will then contact the Health Services Department to have you evaluated. The Mid-Level Provider will complete an injury report and provide a copy to the institution Safety Manager. If injured, while performing an assigned duty and the Mid-Level Provider determines you will be impaired to some degree, you may file a claim with the Safety Manager for processing under the Inmate Accident Compensation Act (DEMKO Claim). A medical evaluation must be included in the claim when submitting the same.

EYEGLASSES

An Optometrist is scheduled to visit the institution on a monthly basis. Those requesting to see the Optometrist must make a sick-call appointment for an initial eye screening and referral. You will be scheduled at the earliest possible date. Once you have been evaluated by the Optometrist, glasses will be ordered from UNICOR. Inmates will be placed on call-out to receive their glasses upon arrival (usually within 6 - 8 weeks). If an inmate wishes to purchase his own glasses, he must obtain a package authorization through his Unit Team and approval from the Health Services Administrator.

CONTACTS

Inmates, reporting to the institution with contact lenses, will be evaluated for the medical necessity of contact lenses. If contact lenses are not medically indicated, the inmate will be required to purchase eyeglasses from his home or have the institution provide him with glasses. Upon the arrival of these glasses, the inmate will be required to send his contact lenses home. If contact lenses are medically indicated, the Health Service Department will purchase the contact lens and provide the cleaning solutions for their upkeep.

MEDICAL DIETS

There are no medical diets at this institution. Inmates will pick and choose from available entrees on the serving lines.

SEXUAL ASSAULT PREVENTION/INTERVENTION

The Program Coordinator for sexual assault is the Chief Psychologist.

The nursing staff will screen all newly committed inmates/detainees to identify those who, prior to current confinement, have been sexually assaulted, by asking if the new commitment has been sexually victimized in the past. If a new commitment has been a victim in the past, the MLP will make an immediate referral to the Chief Psychologist. The MLP will also attempt to identify any sexually assaultive commitments to this facility and report any positive findings to the Chief Psychologist and Captain for consideration of appropriate housing and protection. Should medical staff become aware of a sexual assault, medical staff will immediately:

1. Report this finding to the Operations Lieutenant,
2. Complete a medical report of injury,
3. Conduct an examination,

4. Provide documentation and treatment of injuries,
5. Test for HIV, VDRL and other sexually transmitted diseases as determined by the Clinical Director,
6. Collect physical evidence and determine the degree of physical injury
7. Make an appropriate referral for serious injuries to a medical center or local hospital and advise only those staff with a need to know.

MENTAL HEALTH AWARENESS AND NOTIFICATION TO STAFF

You should notify staff if you observe other inmates/detainees appearing to be depressed, anxious or displaying abnormal or unusual behavior.

ADVANCE DIRECTIVES (LIVING WILLS)

1. You may request to place a Living Will in your medical record for use should you become incompetent, comatose, mentally or physically incapable of communication or decision making. Advance Directives may be implemented only at Community Health Care Facilities. The declaration regarding your decision, relating to medical procedures, must be legally valid in the State of Louisiana. An attorney can assist you with executing a valid declaration.

Do Not Resuscitate Orders (DNR): In all cases, decisions a competent inmate expressed supercede any previously executed advance directive to the contrary.

DNR orders **will never** be invoked while an inmate is housed at a general population institution. Emergency resuscitative measures must always be performed on an inmate who suffers cardiopulmonary arrest at a general population institution.

Sexually Transmitted Diseases

Questions & Answers as You enter this Correctional Facility

Your health is important to those who work in this facility. Medical staff members are willing to discuss any health concerns you have. An important health issue is Sexually Transmitted Diseases or STDs. STDs are among the most common infectious diseases in the U.S. Anyone who has unsafe (unprotected) sex can get a STD. If you have had unprotected sex (without a condom) with a woman, you may have come into contact with vaginal fluid, genital sores or lesions. This contact may have exposed you to a STD. If you have had unprotected sex with a man, you may have come into contact with semen, genital sores or lesions. This contact may have exposed you to a STD. This information will tell you about common STDs and what their symptoms look like. You may have been infected with a STD in the past. You may have ignored or not noticed the symptoms. Because untreated, STDs can cause serious health problems, you may want to be tested. If you have questions about STDs or think you have any symptoms, sign up for sick call. It is okay to ask questions and talk with medical staff members. This information will be handled confidentially. When you arrive at a Bureau of Prisons (BOP) facility, you are advised in writing of the disciplinary system. Engaging in sexual acts, as noted in the "High Severity Category," is prohibited and you can be subject to sanctions as defined in the BOP policy on Inmate Discipline and Special Housing Unit.

Stay Safe: Don't have sex with other inmates

Things to know about STDs -

1. Men and women who have any form of unprotected sex are at risk for STDs. This is true, regardless of age, race, ethnic background or income. It is true whether your partners are of the same sex or the opposite sex.
2. You can prevent STDs. The best way is to avoid having sex. Sex with other inmates is not

- allowed and can be dangerous.
- Many STDs can be cured with medicine. Other STDs can be treated to avoid more problems. Even after you have been treated for a STD, you can become reinfected. Treatment is not a vaccine. It cannot prevent future infections.
 - You may be infected with a STD and not have any symptoms. If you have had unsafe sex and not been tested for STDs talk to a health care worker.
 - If you have HIV, being infected with a STD can make the HIV worse.

Talking to the Medical Staff - If you have had unsafe sex and have not been tested for STDs or have any reason to think that you may have a STD, talk with the medical staff. Ask any questions you have about symptoms and testing. Even if you were treated for a STD before coming to a correctional facility. If you have had unprotected sex since then, you may be infected. The medical staff can provide more information and help you decide about being tested. If you have a STD and don't get treatment, you may have worse health problems in the future.

If you have a STD, what treatment is offered? -

Getting treated right away will help reduce the long-term problems found with STDs. If you have a STD, your health care provider may treat you with pills, liquid medicine or a shot. If you are given pills, you must take them just like your doctor tells you. Do not share pills with partners or friends. STD's caused by bacteria, such as chlamydia, gonorrhea or syphilis can be treated with antibiotic medicines. STDs caused by viruses, such as HIV and herpes, cannot be cured. You will have these diseases for life. Treatment can help reduce or control these illnesses, but here are no cures.

What are common STDs in the U.S.? -

<i>STD</i>	<i>Key Facts</i>	<i>Symptoms</i>	<i>Health Problems</i>
Chlamydia Gonorrhea	caused by bacteria spread during vaginal, anal, and oral sex	may or may not be any symptoms	without treatment: Men -can spread to the epididymis (a tube that carries sperm from the testis) and cause pain, fever, and sterility Women -can spread into the womb or fallopian tubes and cause pelvic inflammatory disease (PID) and infertility
Syphilis	caused through contact with lesions or open sores on the outer genital, vagina, anus, or in the rectum	one or more sores lasting 3-6 weeks at the spot where bacteria entered the body; sores will heal but infection remains; maybe a rash on the palms of the hands or bottoms of feet; rashes clear up on their own	without treatment <i>initial</i> symptoms-fever, swollen lymph glands, sore throat, patchy hair loss <i>later</i> symptoms-damage to brain, nerves, liver bones, joints, eyesight, and death
Human Immunodeficiency (HIV)	caused by a virus spread through unsafe vaginal, anal, and oral sex Antiretroviral drugs can help build your body's resistance to deadly illnesses and cancers; they do not cure HIV	you may be infected with HIV and not have any symptoms for 7-10 years	HIV attacks and weakens your immune system; a weakened immune system can lead to serious illness and possible death

Hepatitis B Virus (HBV)	spread through unsafe sex with an infected person there is a vaccine to prevent HBV	about 30% of persons with HBV have no signs or symptoms. HBV symptoms: fatigue, abdominal pain, jaundice (yellowish skin), and loss of appetite	chronic HBV infections occur in about 6% of adults death from chronic liver disease occurs in about 15-25% of infected persons
Human Papilloma Virus (HPV)	spread through unsafe sexual contact	you may have HPV and not be able to see it; you may notice genital warts (soft, moist, pink or red swellings around the genitals)	infection often goes away on its own, but HPV that does not go away can lead to cancer

PSYCHOLOGY SERVICES/DRUG ABUSE PROGRAM

The Psychology Services Office is located across the courtyard from Receiving and Discharge (R&D). Services provided by the Psychology Department include crisis intervention (suicidal risk assessments), psychotherapy (individual and group), psychological assessments, drug abuse programs and psycho education (self help and audio/visual material).

Psychological Assessment - All inmates/detainees will complete, sign and date a Psychology Services Inmate Questionnaire (PSIQ), provided by Medical Staff, on their arrival at Receiving & Discharge (R&D). This is a mandatory assessment. Inmates/Detainees in the Special Housing Unit will receive mandatory 30 day reviews by Psychology Staff. Assessment using psychological testing will be completed as determined by the Psychologist.

Drug Abuse Program - Drug Abuse Education classes may be available, staff permitting. Relapse prevention and transitional services (upon successful completion of residential treatment) will be provided as needed. Psycho Education (Self-Help and Audio/Visual Material) - Call-Outs may be submitted for self-help audio/visual material related to anger management, stress management, family and interpersonal relationships, as well as specific issues as needed.

Types of Problems Addressed - The Psychology Services Department addresses issues relating to adjustment problems (for example, stress, anxiety, depression, anger, frustration, etc.), family issues, substance abuse and relapse prevention, major mental illnesses and suicide prevention.

Suicide Prevention - It is not uncommon for people to experience feelings of depression and hopelessness while in detention, particularly if they are newly incarcerated, serving a long sentence, experiencing family problems, problems getting along with other inmates/detainees or receiving bad news. Sometimes, inmates/detainees consider committing suicide, due to all of the pressure they are under. Staff are trained to monitor inmates/detainees for signs of suicidality and are trained to refer all concerns to the Psychology Services Department. However, staff do not always see what inmates/detainees see. If you are personally experiencing any of the problems noted above or you or another inmate/detainee are showing signs of depression (sadness, tearfulness, lack of enjoyment in usual activities, withdrawal, staying away from others, reducing phone calls and/or visits, hopelessness, giving away possessions and/or stating that "there is nothing to live for"), PLEASE alert a staff member right away. Your input can save a life.

Types of Problems not Addressed - The Psychology Services Department does not address issues relating to Immigrations and Customs Enforcement (ICE), Unit Management issues (i.e., job change, room change, quarters change and transfers) or any problem for which the inmate/detainee is not willing to take responsibility or assist in their treatment. Inmates/Detainees who have a serious mental illness may be referred to a Federal Medical Center for care, if they are unable or unwilling to cooperate with their treatment.

Appointments to see Psychology staff are to be made via an "Inmate Request to Staff Member" form (Cop-Out) or by staff referral for crisis intervention. Generally, the Psychology Department is available for appointments from 8:00 a.m. - 3:00 p.m. Certain exceptions may exist from time to time.

Records and Confidentiality - Inmates/Detainees are not given written records of psychological services provided. Psychological records fall under the Freedom of Information Act Guidelines. Request for records, which are exempt, must be made to Washington, D.C.

MECHANICAL SERVICES

Maintenance Needs

Mechanical or maintenance problems detected in the unit housing area or outside areas should be reported to staff. The staff member will contact mechanical services for repairs.

INMATE SYSTEMS MANAGEMENT (R&D/MAIL SERVICES)

Open house hours are conducted on Tuesday and Thursday from 7:00 a.m. - 7:30 a.m. Open House may be canceled if large inmate/detainee movements are being processed.

Correspondence

In most cases, inmates/detainees are permitted to correspond with the public, family members and others without prior approval or the maintenance of a correspondence list. Mail service is provided Monday through Friday, excluding holidays. Incoming general correspondence is opened and screened prior to delivery. The outgoing envelope must have your name, registration number and return address and the name of the institution: Federal Detention Center not FDC. It is not to be sealed by the inmate/detainee. It is screened and sealed by staff prior to delivery to the post office.

To assist the mail room technicians in prompt handling of mail, please observe the following directives:

Address the envelope as follows:
Name & Register Number
Federal Detention Center
P. O. Box 5010
Oakdale, LA 71463-5010

Inmates/Detainees must assume responsibility for the contents of all their letters. Correspondence containing threats, extortion, etc., may result in prosecution for violation of federal laws.

Inmates/Detainees may be placed on restricted correspondence status based on misconduct or as a matter of classification. The inmate/detainee will be notified of this placement and will have the opportunity to respond.

Incoming Correspondence

Incoming general correspondence is opened and screened prior to delivery. First class mail is distributed Monday through Friday (except holidays) by the evening watch officer in each housing unit. Newspapers and magazines may also be delivered at this time. Legal and Special Mail will be delivered by the Counselor as soon as possible after it is received. The number of incoming letters an inmate/detainee may receive will not be limited unless the number received places an unreasonable burden on the institution. You should advise those writing you to put your register number and unit on the envelope to aid the prompt delivery of mail. All inmate/detainee packages received at the institution must have prior authorization. If not, packages will be returned to the sender. In addition, an "Attorney Drop Box" is located in the front entry so your lawyer can leave documents for you during non-business hours.

Incoming Publications

The Bureau of Prisons permits inmates/detainees to subscribe to and receive publications without prior approval. The term "publication" means a book, single issue of a magazine or newspaper or materials addressed to a specific inmate/detainee, such as advertising brochures, flyers, and catalogs. An inmate/detainee may receive soft-cover publications (paperback books, etc.) and hard-cover publications only from a publisher or a book club. Because of sanitation and fire safety reasons, accumulation of publications will be limited to five (5) magazines (not more than three months old) and to the amount that can be neatly stored in the locker. The Warden will reject a publication if it is determined to be detrimental to the security, good order, or discipline of the institution or if it might facilitate criminal activity. Publications which may be rejected by the Warden include, but are not limited to, publications which meet one of the following criteria:

1. It depicts or describes procedures for the construction or use of weapons, ammunition, bombs or incendiary devices.
2. It depicts, encourages, or describes methods of escape from correctional facilities, or contains blueprints, drawings or similar descriptions of Bureau of Prisons Institutions.
3. It depicts or describes procedures for the brewing of alcoholic beverages or the manufacture of drugs.
4. It is written in code.
5. It depicts, describes, or encourages activities which may lead to the use of physical violence or group disruption.
6. It encourages or instructs in the commission of criminal activity.
7. It is material that depicts nudity, is sexually explicit and that by its nature or content poses a threat to the security, good order or discipline of the institution.

Special Mail

"Special Mail" is a category of correspondence which may be sent out of the institution unopened and unread by staff, which includes correspondence to: President and Vice-President of the United States, U.S. Department of Justice (including Bureau of Prisons), U.S. Attorneys Office, Surgeon General, U.S. Public Health Service, Secretary of the Army, Navy or Air Force, U.S. Courts, U.S. Probation Officers, Members of the U.S. Congress, Embassies and Consulates, Governors, State Attorney General, Prosecuting Attorneys, Directors of State Department of Corrections, State Parole Commissioners, State Legislators, State Courts, State Probation Officers and other Federal and private representatives of the news media.

Special Mail also includes mail received from the following: President and Vice-President of the United States, Attorneys, Members of U.S. Congress, Embassies and Consulates, the U.S. Department of Justice (excluding the Bureau of Prisons), other Federal Law Enforcement Officers, U.S. Attorneys, State Attorney General, Prosecuting Attorneys, Governors, U.S. Courts and State Courts.

A designated staff member will open incoming Special Mail in the presence of the inmate/detainee. This is usually done by the Counselor. These items will be checked for physical contraband and for qualification as Special Mail. The correspondence will not be read or copied, if the sender has accurately identified himself/herself on the envelope and the front of the envelope clearly indicates that the correspondence is "Special Mail - Open Only in the Presence of the Inmate/Detainee." Without adequate identification as Special Mail, the staff may treat the mail as general correspondence. In this case, the mail may be opened, read and inspected.

Special/Legal Mail Procedures

Special/Legal Mail must be delivered to the Receiving and Discharge (R&D) Department between 6:15 a.m. and 6:30 a.m., Monday through Friday. You must show your commissary card to R&D staff at the time of delivery. If the envelope for which you are requesting Special Mail handling does not belong to you, you may be subject to disciplinary action. Outgoing Special Mail must be clearly identified as going to an attorney, court, etc. Incoming Special Mail must clearly be identified as coming from an attorney, court, etc. and contain wording which indicates it is to be treated as Special Mail, i.e., "Special Mail - Open Only in the Presence of the Inmate/Detainee." If the piece of mail is submitted without an accurate return address, it will not be processed. If the Special Mail weighs 16 ounces or more, a Form BP-329, Request Authorization to Mail Inmate Package, must be obtained through your Unit Team. The package and form will then be hand

delivered to the Mail Room by unit staff.

Correspondence with Representatives of the News Media

An inmate/detainee may write through Special Mail procedures to representatives of the news media, if specified by name or title.

The inmate/detainee may not receive compensation or anything of value for correspondence with the news media. The inmate/detainee may not act as a reporter, publish under a byline or conduct a business or profession, while in Bureau of Prisons custody.

Representatives of the news media may initiate correspondence with an inmate/detainee. Correspondence from a representative of the news media will be opened, inspected for contraband, for qualification as media correspondence and for content which is likely to promote either illegal activity or conduct contrary to regulations.

Correspondence Between Confined Inmate/Detainees

An inmate/detainee may be permitted to correspond with an inmate/detainee confined in another penal or correctional institution. This is permitted if the other inmate/detainee is either a member of the immediate family or is a party in a legal action (or witness) in which both parties are involved. The following additional limitations apply:

Such correspondence may always be inspected and read by staff at the sending and receiving institutions (it may not be sealed by the inmate/detainee).

The Warden or through delegation, the Unit Manager at both institutions must approve the correspondence.

Members of the immediate family are defined as: mother, father, step-parents, foster parents, brothers and sisters, spouse and children. The relationship must be verifiable through inmate records at the penal facility.

Rejection of Correspondence

The Warden may reject correspondence sent by or to an inmate/detainee, if it is determined to be detrimental to the security, good order or discipline of the institution, to the protection of the public or if it might facilitate criminal activity. Examples include:

Matter which is non-mailable under law or postal regulations.

Information of escape plots or plans to conduct illegal activities or to violate institution rules.

Conducting a business while incarcerated (Code 408). An inmate/detainee may not direct a business while confined or otherwise detained.

This does not, however, prohibit correspondence necessary to enable an inmate/detainee to protect property or funds that were legally his at the time of his commitment.

For example, an inmate/detainee may correspond about refinancing a mortgage for his home or sign insurance papers, however, the inmate/detainee may not operate, for example, a mortgage or insurance business while confined in the institution.

Notification of Rejection

The Warden or his designee, will give written notice to the sender concerning the rejection of mail and the reasons for rejection. The sender of the rejected correspondence may appeal the rejection. The inmate/detainee will also be notified of the rejection of correspondence and the reason(s) for it. The inmate/detainee also has the right to appeal the rejection. The Warden shall refer the appeal to a designated officer other than the one who originally disapproved the correspondence. Rejected correspondence ordinarily will be returned to the sender.

Certified/Registered Mail

Inmates/Detainees desiring to use certified, registered or insured mail may do so.

Private Carriers

The U. S. Postal Service should be used to receive incoming mail and authorized packages. Private couriers (DHL, Federal Express, UPS, etc.) should not be used. These carriers deliver to the warehouse and not to the mail room, which will result in a delay of receiving these items. If a delivery (even Special Mail) is received at the Warehouse on Friday, it will not be delivered to the Mail Room until the following Monday. The correspondence or package will not be delivered to the inmate/detainee until Monday afternoon.

Funds Received Through Lockbox

To assure the correct posting of accounts of monies received through Lockbox, checks and money orders must contain the inmate/detainee's name and register number. Funds will not be accepted if they are incorrectly prepared and will be returned to the sender. All funds mailed to the institution will also be returned to the sender. Funds are to be mailed to:

Federal Bureau of Prisons
Insert inmate name
Insert inmate register number
Post Office Box 474701
Des Moines, Iowa 50947-0001

CHAPLAINCY SERVICES

Religious Programs

The institution offers a wide range of religious programs to inmates/detainees. A Chaplain is available, as well as contract and volunteer representatives of various faiths.

Special religious diets, holiday observances and other worship activities are coordinated through the Chaplain's office. Information about these programs is available in the orientation program and from the Chaplains.

If an inmate/detainee's religious practices require a special diet and/or apparel, the inmate/detainee should contact the Chaplain for approval and documentation.

The Chaplain's office maintains a religious library of reading material, audio tapes and video tapes. Much of the material is available for distribution to inmate/detainees. Other reading material may be checked out of the library. Audio and video tapes are available for listening and viewing in the chapel area. In order to retrieve equipment for these items, it is necessary to use the inmate/ detainee's Commissary Card.

Other items, such as cards, tracts, etc., when available, are for distribution during regular Chapel operating hours, except when services are in session.

When an inmate/detainee is confined to a restricted area, the Chaplain is available to visit. If an inmate/detainee desires a visit from the Chaplain, the inmate/detainee should forward a request for a visit to the Chaplain.

The Chaplain seeks to develop community interest, awareness and participation in religious programs through recruiting volunteers for ministry to various faith groups. Contract services are provided for ministry to faith groups not provided by the Staff Chaplains.

PROHIBITED ACTS AND DISCIPLINARY SCALE

- a. There are four categories of prohibited acts - Greatest, High, Moderate and Low Moderate. Specific sanctions are authorized for each category. Imposition of a sanction requires that the inmate first is found to have committed the prohibited act.
 1. Greatest Category Offenses: The Discipline Hearing Officer (DHO) shall impose and execute one or more of the sanctions A through E. Sanction B.1 must be imposed for a VCCLEA inmate rated

as violent (i.e., an inmate who, as specified in the Violent Crime Control and Law Enforcement Act of 1994, committed a crime of violence on or after September 13, 1994) and for a PLRA inmate (i.e., an inmate who has been sentenced for an offense committed on or after April 26, 1996). The DHO may impose and execute sanction F and/or G only in addition to execution of one or more additional sanctions A through G.

2. High Category Offenses: The DHO shall impose and execute one or more of the sanctions A through M, except as noted in the sanction, may also suspend one or more additional sanctions A through M. Sanction B.1 must be imposed for a VCCLEA inmate rated as violent and for a PLRA inmate. The Unit Discipline Committee (UDC) shall impose and execute one or more of sanctions G through M and may also suspend one or more additional sanctions G through M. Sanction B.1 must be imposed for a VCCLEA inmate rated as violent and for a PLRA inmate. The UDC shall impose and execute one or more of sanctions G through M, except for a VCCLEA inmate rated as violent. All high category offense charges for a VCCLEA inmate rated as violent and for a PLRA inmate must be referred to the DHO.
 3. Moderate Category Offenses: The DHO shall impose at least one sanction A through N, but, except as noted in the sanction, may suspend any sanction or sanctions imposed. Sanction B.1 ordinarily must be imposed for a VCCLEA inmate rated as violent and for a PLRA inmate. Except for charges referred to the DHO, the UDC shall impose at least one sanction G through N, but may suspend any sanction or sanctions imposed. The UDC ordinarily shall refer to the DHO a moderate category charge for a VCCLEA inmate rated as violent or for a PLRA inmate if the inmate had been found to have committed a moderate category offense during the inmate's current anniversary year (i.e., the twelve month period of time for which an inmate may be eligible to earn good conduct time). The UDC must thoroughly document in writing the reasons why the charge for such an inmate was not referred to the DHO.
 4. Low Moderate Category Offenses: The DHO shall impose at least one sanction B.1 or E through P. The DHO may suspend any E through P sanction or sanctions imposed (a B.1 sanction may not be suspended). Except for charges referred to the DHO, the UDC shall impose at least one sanction G through P, but may suspend any sanction or sanctions imposed. The UDC ordinarily shall refer to the DHO a low moderate category charge for a VCCLEA inmate rated as violent or for a PLRA inmate if the inmate had been found to have committed two low moderate category offenses during the inmates current anniversary year (i.e., the twelve month period of time for which an inmate may be eligible to earn good conduct time). The UDC must thoroughly document in writing the reasons why the charge for such an inmate was not referred to the DHO.
- b. Aiding another person to commit any of these offenses, attempting to commit any of these offenses and making plans to commit any of these offenses, in all categories of severity, shall be considered the same as a commission of the offense itself. In these cases, the letter "A" is combined with the offense code. For example, planning an escape would be considered as Escape and coded 102A. Likewise, attempting the adulteration or any food or drink would be considered 209A.
 - c. Suspensions of any sanction cannot exceed six months. Revocation and execution of a suspended sanction require that the inmate first is found to have committed any subsequent prohibited act. Only the DHO may execute, suspend or revoke and execute suspension of sanction A through F. The DHO or UDC may execute, suspend or revoke and execute suspensions of sanctions G through P. Revocation and execution of suspensions may be made only at the level (DHO or UDC) which originally imposed the sanction. The DHO now has the authority for suspensions, which were earlier imposed by the Inmate Disciplinary Committee.
 - d. If the UDC has previously imposed a suspended sanction and subsequently refers a case to the DHO, the referral shall include an advisement to the DHO of any intent to revoke that suspension if the DHO finds that the prohibited act was committed. If the DHO then finds that the prohibited act was committed, the DHO shall so advise the UDC who may then revoke the previous suspension.
 - e. The UDC or DHO may impose increased sanctions for repeated, frequent offenses.
 - f. Sanctions by severity of prohibited act, with eligibility for restoration of forfeited and withheld statutory

good time, are presented in Table 6.

When the prohibited act is interfering with a staff member in the performance of duties (Code 198, 298, 398, or 498) or Conduct which Disrupts (Code 199, 299, 399, or 499), the DHO or UDC, in its findings, should indicate specific finding of the severity level of the conduct and a comparison to an offense (or offenses) in that severity level which the DHO or UDC finds is most comparable.
